UNIVERSITY OF JAMMU

FEEDBACK ANALYSIS REPORT (2018-2019)

The importance of Feedback Analysis is to enhance the academic situation and its role in evaluating the performance and functioning of University of Jammu. The objectives of conducting Feedback are listed below:

Student Satisfaction Evaluation: This objective aims to assess the level of satisfaction among students concerning various aspects of their academic experience, including curriculum planning, the acquisition of knowledge and employability skills, interdisciplinary learning, and opportunities for higher education.

Teacher Satisfaction Evaluation: The objective is to gauge the level of satisfaction among teachers regarding different factors, such as curriculum planning, infrastructural facilities, academic autonomy, and the presence of an equitable and conducive environment for both academic and professional growth.

Alumni Satisfaction Evaluation: This objective seeks to evaluate the level of satisfaction among the university's alumni in terms of academic outcomes, the relevance of the programs in shaping their career prospects, and their prospects to contribute back to the department/university.

Employer Satisfaction Evaluation: The goal is to assess the level of satisfaction among employers with respect to the professional competencies and skills of the University graduates they recruited.

Remedial Actions: The feedback collected is reported to the Vice Chancellor. The purpose of reporting this data is to take necessary remedial actions based on the feedback received, addressing any areas of concern and continuously improving the academic and teaching-learning processes of the University.

Feedback Analysis plays a crucial role in driving improvements in academic quality, fostering better student experiences, and ensuring that the institution meets the needs and expectations of all its stakeholders. By actively seeking and acting on feedback from students, teachers, alumni, and employers, the University of Jammu can refine its strategies, enhance the learning environment, and maintain a high standard of education and professional development.

REGISTRAR
University of Jammu
Jammu.

FRAMEWORK FOR FEEDBACK:

University of Jammu gathers feedback and improves the overall quality of education and the university's programs. Feedback surveys are an essential part of maintaining and enhancing the educational experience for all stakeholders involved.

Students Feedback on Curricular Aspects: This dimension is focused on collecting feedback from current students about the curriculum and related aspects of their academic experience. Students can provide insights into the relevance, effectiveness, and appropriateness of the courses offered. They may also share their thoughts on the teaching methodologies, learning resources, and overall satisfaction with the academic environment.

Teachers Feedback on Curricular Aspects: In this dimension, the university gathers feedback from the teaching staff. Teachers' input is crucial in assessing the quality of the curriculum, identifying potential areas for improvement, and understanding their needs for professional development. This feedback can help the university enhance teaching methodologies, update course content, and provide necessary support to the faculty.

Alumni Feedback on Academic Process and Career Avenues: Alumni feedback is essential to understand the long-term impact of the university's education on students' careers and lives. Alumni can provide insights into how well the academic process prepared them for their professional journeys, the relevance of the skills acquired, and suggestions for improvements. This feedback can help the university align its academic offerings with industry demands and adapt to changing career trends.

Employer Feedback on University Graduates' Competencies: The employer feedback dimension aims to gauge how well the university's graduates meet the expectations and requirements of the job market. Employers can provide valuable insights into the strengths and weaknesses of graduates in terms of skills, knowledge, and practical abilities. This feedback can help the university tailor its programs to ensure that graduates are equipped with the relevant competencies needed for successful careers.

By collecting feedback in these four dimensions, University of Jammu can gain a comprehensive understanding of its strengths and areas for improvement. This data-driven approach allows the university to make informed decisions and implement changes that positively impact the overall educational experience and the success of its students in their careers.

Regular feedback surveys and the subsequent actions taken based on the feedback show a commitment to continuous improvement and the overall growth of the institution. It also fosters a sense of engagement and collaboration among students, teachers, alumni, and employers, creating a more dynamic and productive learning ecosystem.

STUDENTS FEEDBACK ON CURRICULAR ASPECTS

S.No.	Parameter	Excellent	Good	Satisfactory	Needs Improvement	Not Applicable
1.	Aims & objectives of the programme are well defined and stand communicated					
2.	The programme has a blend of theory & concepts as well as applied/latest information & knowledge					
3.	The programme provides knowledge & skills for the employability/entrepreneurship					
4.	The programme builds and enhances knowledge and interest in the area					
5.	The infrastructural facilities/ equipments are adequate & appropriate to the requirement of the programme					
6.	Teaching inputs are relevant & appropriate for the programme					
7.	The books/reference material is available & adequate for the programme
